

This downlight is an anti-glare LED downlight that adopts citizen COB chip LED. The unique design prevents the human eye from contacting the light source directly, as well as diffusing the light more softly.

The light efficiency reaches 90 Lm/W with perfect accent lighting performance.

This unique design makes the heat dissipation outstanding, extending the working life of the downlight.

Downlight are perfect for use in commercial and residential applications such as offices, shops, supermarkets, schools, hotels, homes and more.
